Notice of Advice for Patients Requesting Physical Therapy Treatment under New York State's Direct Access Law

Under New York's Direct Access Law, you may be treated by a physical therapist without a prescription. You may be evaluated and/or treated for up to 10 visits or 30 days, whichever comes first. Please note that treatment under New York's Direct Access Law is not applicable to worker's compensation, no-fault, or Medicare coverage. I have been informed of the possibility that physical therapy treatment may not be covered by my health care insurer without the referral of a physician, dentist, podiatrist, or nurse practitioner, but may be a covered expense, if treatment was rendered pursuant to such referral. I understand that I am responsible for any unpaid balance.

Treatment will begin on: _____
